For greater amounts in dispute the fees and administrative charges shall be provided upon request.

The fees and administrative charges for each dispute shall be those specifically stated in the scale range which covers the amount of that dispute. The fees and administrative charges for lower scale ranges shall not be in addition.

For the purposes of the application of the scale range the amount to be taken into account to apply this scale will be the total of the claims made by the parties, i.e. of the claims and counterclaims.

If the calculation of the amount in dispute cannot be made, the amount in dispute will be determined by the Competent Registrar having regard to such relevant elements as are contained in the file.

A modification of the scale range and of the fees and administrative dues applicable to a dispute, by increasing or decreasing them in special circumstances, or of this schedule may be made by the Competent Registrar under the provisions of article 8.6 of these Rules.

It will be up to the arbitrators to decide whether the amount of fees due to the Tribunal will be split amongst them in three equal part or otherwise a 40% to the Chairman and 30% to each arbitrator.
